

Squire TRAILERS

Squire has been the leading brand of solo motorcycle trailers since its introduction in the early 1980's. Its recent world speed record helped to demonstrate the superb stability and handling which all the range enjoy. Close inspection will reveal not only the top quality and finish, but also the standard of design and engineering required to meet these aims.

D21

D18 SE

D10

D10 Smallest in size with the minimum possible width but with rock steady handling.

D18 The trailer that set the standard for all others, now available in a variety of specifications with an extension kit option which nearly doubles the capacity. The latest Series 2 variant has a restyled lid.

D21 The latest development incorporates large diameter cast wheels, variable rate coil spring suspension and automotive style lighting.

D18 Mk2 SE

Towbar

D18 Mk2

D18 with extension
